Steamboat Springs Ski Report, located just outside of Steamboat Springs, Colorado, is a premier ski destination famous for its Champagne Powder®. The resort is situated across seven mountain peaks within the Park Range and overlooks the Yampa Valley.

The area has a rich western heritage and is one of the largest ski resorts in Colorado. Steamboat Springs has been dubbed Ski Town, U.S.A. due to the fact that more Olympians call Steamboat home than any other ski resort. [Ref: [OnTheSnow](#)]
